Revolutionary **CLOGFREE™**

Never Clog Magnetic Pop-Up Stopper

01 UNIVERSAL DESIGN

Retrofits in existing or new ball rod style pop-up drains. Ideal for homes, hotels, motels, rental properties.

02 ELIMINATES HAIR BUILD-UP AND CLOGS

Magnetic stopper means there is no ball rod in the flow path thereby eliminating any potential build-up of debris and clogging of the sink drain. Sink keeps flowing freely and saves time, effort and money.

03 DROP IN DESIGN, NO BALL ROD DISASSEMBLY

Insert the stopper onto the existing ball rod to install. Just Pullout to remove the stopper. No Ball Rod Disassembly to Install or Remove the Stopper. It's EASY.

04 EASY ACCESS TO P-TRAP FOR CLEANING

The stopper can be easily removed without disassembly of ball rod and allows for easy access for snakes, and other hair clog removing tools to access the P-Trap.

05 QUICK AND ELEGANT SINK MAKEOVER

The over-sized Jumbo Cap gives an Elegant look to the sink by easily covering-up the worn or damaged drains without having to replace the drain.

06 ENVIRONMENT FRIENDLY AND COST SAVINGS

Green by Design™ Eliminates the need for nasty chemicals and expensive maintenance

07 EASILY UPDATE THE FINISH

Don't worry about worn out or faded finishes. Easy to replace Finishes by just replacing the threaded Cap (available in five finishes).

BATHROOM SINK

Replaces all these and more

Magnet connects to ball rod
No obstruction in flow path

Easily remove and
install stopper
